

FRM Series

Non-Penetrating Roof Mounts

The FRM Series of non-penetrating roof mounts is ideal for mounting DBS, PCS, satellite internet, surveillance cameras and other point to point wireless communication devices. By using 8 standard 8"x 8"x 16" concrete blocks as ballast, your communications are above troublesome ground interference without damaging your roofing surfaces.

Specifications include:

- Galvannealed steel construction
- Dark gray weather resistant powder coat finish
- Varied mast heights available
- Varied mast pipe O.D. available
- Quick assembly

FRM-125 60" mast with 1.25" O.D.

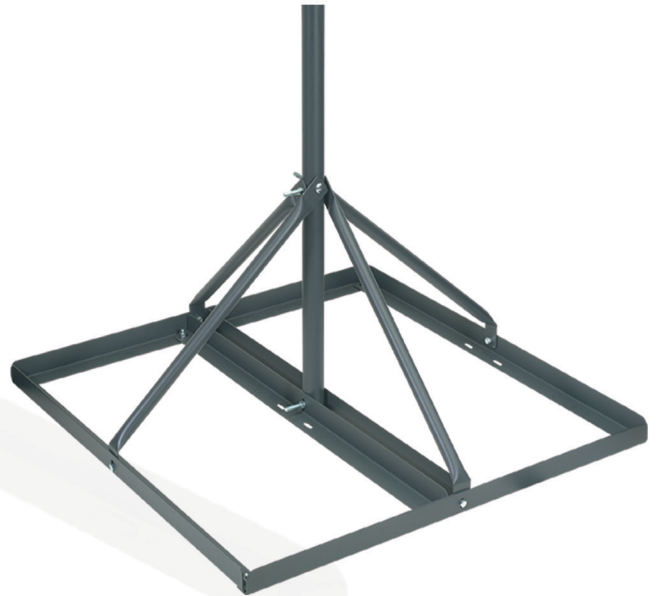

FRM-166 30" mast with 1.66" O.D.

FRM-200 30" mast with 2" O.D.

Accessories:

FRM-MAT Rubber mat

FRMA 2" to 2.375" mast adaptor for FRM-200

Great for Parapet Mounts!
