Product Specifications:

(for Architects & Engineers)

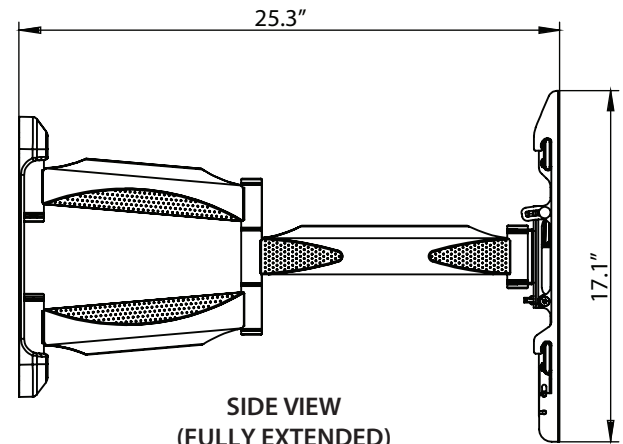

The articulating wall mount for the 42" to 90" flat panel display shall be the Video Mount Products (VMP) FP-XLWAB.

The mount shall be designed to attach to 2 studs approximately 16" apart or other suitable support surface.

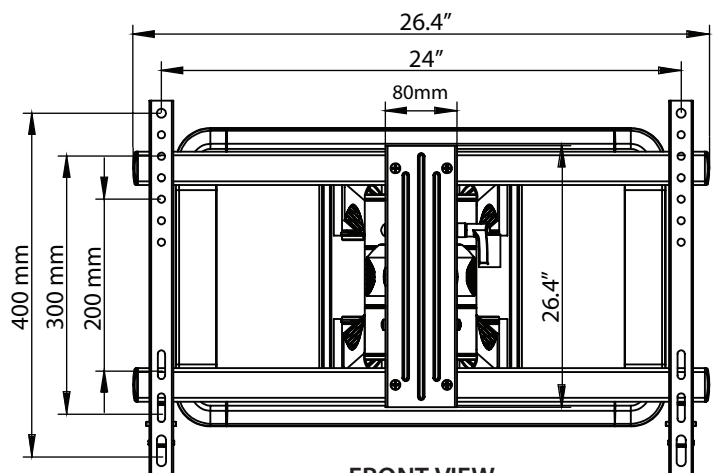

The mount shall be constructed primarily of formed steel and aluminum and shall incorporate arc welds. The mount shall be a universal style mount capable of adjusting to the dimensions of a variety of popular 42" to 90" flat panel displays and not be model specific. The adjustable mounting rails shall be capable of accommodating VESA mounting hole patterns ranging from 200mm x 200mm to 600mm x 400 mm. The mount shall have an adjustable distance from the wall that ranges between 2.8" to 25.3". The mount shall be capable of tilting from -2° to +10°. The mount shall incorporate post install level correction capability of ±3°. The mount shall have a UL Listed load capacity of 150 lbs. The mount shall come in a black powder coat finish.
