

STRAIGHT UP AWESOME...AGAIN!

VMP's low profile vertical wall cabinets are designed to securely mount your EIA standard rack equipment in remote locations such as back offices, closets, retail locations or anywhere where there is limited floor space and you need a clean and organized way to secure your equipment in a location that is accessible to many. Our ERVWC mounts have marked rack spaces, a reversible front door that is vented for cooling, and adjustable rails to accommodate mounting depths. All four mounts in the ERVWC Series have a black finish, a load capacity of 150 lbs and ship fully assembled.

ERVWC-5U36 (Shown)

Overall Dimensions: 42.75"H x 25.6"W x 9.75"D
